

**Circumcised
("cut") men
often deny their
wounding.**

**Evolution has
wired all of
our brains for
reproduction.**

**Thus we all
care about our
“sexual market
value.”**

**Few men are
willing to admit
that their penis
is damaged.**

Some men
even claim
the wounding
improved them.

Cut men may
encourage
others to be
circumcised.

**“In the kingdom
of the blind, the
one-eyed man
is king.”**

I am a cut man.

**My penis is less
sensitive than
it would be if I
was left intact.**

**I have to work
harder to
ejaculate than
an intact man.**

**I can also hurt
my partner
during sex, if I
am not careful.**

**I have never
experienced
sex as nature
intended me to.**

**I could get
angry about
all of this, and
many men do.**

**But the people
who facilitated
my wounding
are all dead.**

**Who is left to
be angry with?**

**What good
would it do?**

**I choose to
invest my time
in this work.**

**Being silent
about this moral
crime is not an
option for me.**

Cut men
deserve our
appropriate
compassion.

**Cut men
were sexually
assaulted as
infants.**

Cut men are
often shamed
if they speak of
their wounding.

**The situation is
not hopeless for
a cut man.**

**Please ask me
if you would
like more
information.**

why nursing
homes have
beauty shops!**
